

## **Nightingale Ranks First on the Deloitte Technology Fast 50 List of Fastest-growing Technology Companies for 2008**

**Markham, Ontario – September 25, 2008** – Nightingale Informatix Corporation (“Nightingale” or the “Company”) (TSX-V: NGH), an application service provider (ASP) of electronic medical record (EMR) software and related services, today announced that it is ranked first among the Deloitte Technology Fast 50, a ranking of the 50 fastest-growing technology companies in Canada, based on the percentage of revenue growth over five-years.

“We are thrilled to be named the top technology growth company in Canada through Deloitte’s well-known technology award program,” said Sam Chebib, President and CEO of Nightingale. “The combination of our technology leadership, broad suite of healthcare IT services and determined team has been integral to our success over the past five years. Adoption of EMR and other healthcare technologies is being driven by public and private forces. We are confident we will continue to convert market opportunities across North America into sales to further grow our top line.”

“Canadian technology companies have some of the highest revenue growth in North America, while playing in some of the world’s largest, most competitive and exciting market sectors,” said John Ruffolo, National Leader, Technology, Media & Telecommunications Industry Group, Deloitte. “Nightingale is an example of the incredible business acumen and entrepreneurial spirit that fuel the Canadian technology industry.”

To qualify for the Deloitte Technology Fast 50 ranking, companies must have been in business for at least five years, have revenues of at least \$5 million, be headquartered in Canada, own proprietary technology, and conduct research and development activities in Canada. A panel of industry experts evaluates and judges companies based on four key criteria: competitive advantage; size, growth, and market attractiveness; management effectiveness and organization; and financial performance.

### ***About the Deloitte Technology Fast 50***

The Deloitte Technology Fast 50 program is Canada’s pre-eminent technology awards program. Celebrating business growth, innovation and entrepreneurship, the program features four distinct categories including the Technology Fast 50 Ranking, Companies-to-Watch Awards (early-stage Canadian tech companies in business less than five years, with the potential to be a future Deloitte Technology Fast 50 candidate), Leadership Awards (companies that demonstrate technological leadership in four industry subcategories: hardware/semiconductor, software, telecommunications and emerging technologies) and the Deloitte Technology Green 15 Awards (Canada’s leading GreenTech companies that promote a more efficient use and re-use of the earth’s resources in industrial production and consumption). Program sponsors include Deloitte, Gowlings, GrowthWorks, RBC Capital Markets, Wellington Financial, Stonewood Group, CATAAlliance and IGLOO. ***Forward Looking Statement***

*This press release contains “forward-looking statements” within the meaning of applicable Canadian securities legislation. Generally, forward-looking statements can be identified by the use of forward-looking terminology such as “plans”, “expects” or “does not expect”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might” or “will be taken”, “occur” or “be achieved”. Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Nightingale to be materially different from those expressed or implied by such forward-looking statements, including but not limited to the speculative nature of the medical software industry, which is affected by numerous factors beyond Nightingale’s control; the existence of present and possible future government regulation; the significant and increasing competition that exists in the medical software industry; the early stage of Nightingale’s business; and therefore it is subject to the risks associated with early stage companies, including uncertainty of revenues, markets and profitability and the need to raise additional funding.*

*Although Nightingale has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. Nightingale does not undertake to update any forward-looking statements that are incorporated by reference herein, except in accordance with applicable securities laws.
