

Allied Health EMR

Your Access to Clinical Intelligence™

Clinisys Allied Health is designed for alternative medical practices such as physiotherapy, chiropractic, and other speciality clinics. Clinisys Allied Health EMR has specific features for alternate practices with unique features for:

- 1) Scheduling
- 2) Consolidated billing for multiple practitioner-patient encounters
- 3) Pictorial templates for patient assessments

Clinisys Allied Health EMR also provides a comprehensive software suite covering scheduling, billing, patient record management, customer relationship management, and other relevant tasks.

See more about Clinisys EMR at our website, www.clinisys.ca.
